curriculum vitae | MAIJA LUOMALA

Working experience and education

Maija has been in the media since 1999. She has gained a huge experience in technical skills and know-how. She's willing to implement her expertise as much as possible and experience graphic arts, photography and digital media. With all this power she's helping small businesses and entrepreneurs to succeed in their business. She knows both sides of the camera; Printed & digital media production, working in a newspaper as a photographer and sharing her beauty as an advertisement model.

She has always been appealed by design and have a unique style to present. Maija is hard-working, diligent and easy to work with. She is open to new opportunities and challenges. Designing has always been important and that enthusiasm shows up in all her projects.
